1. SETTINGS

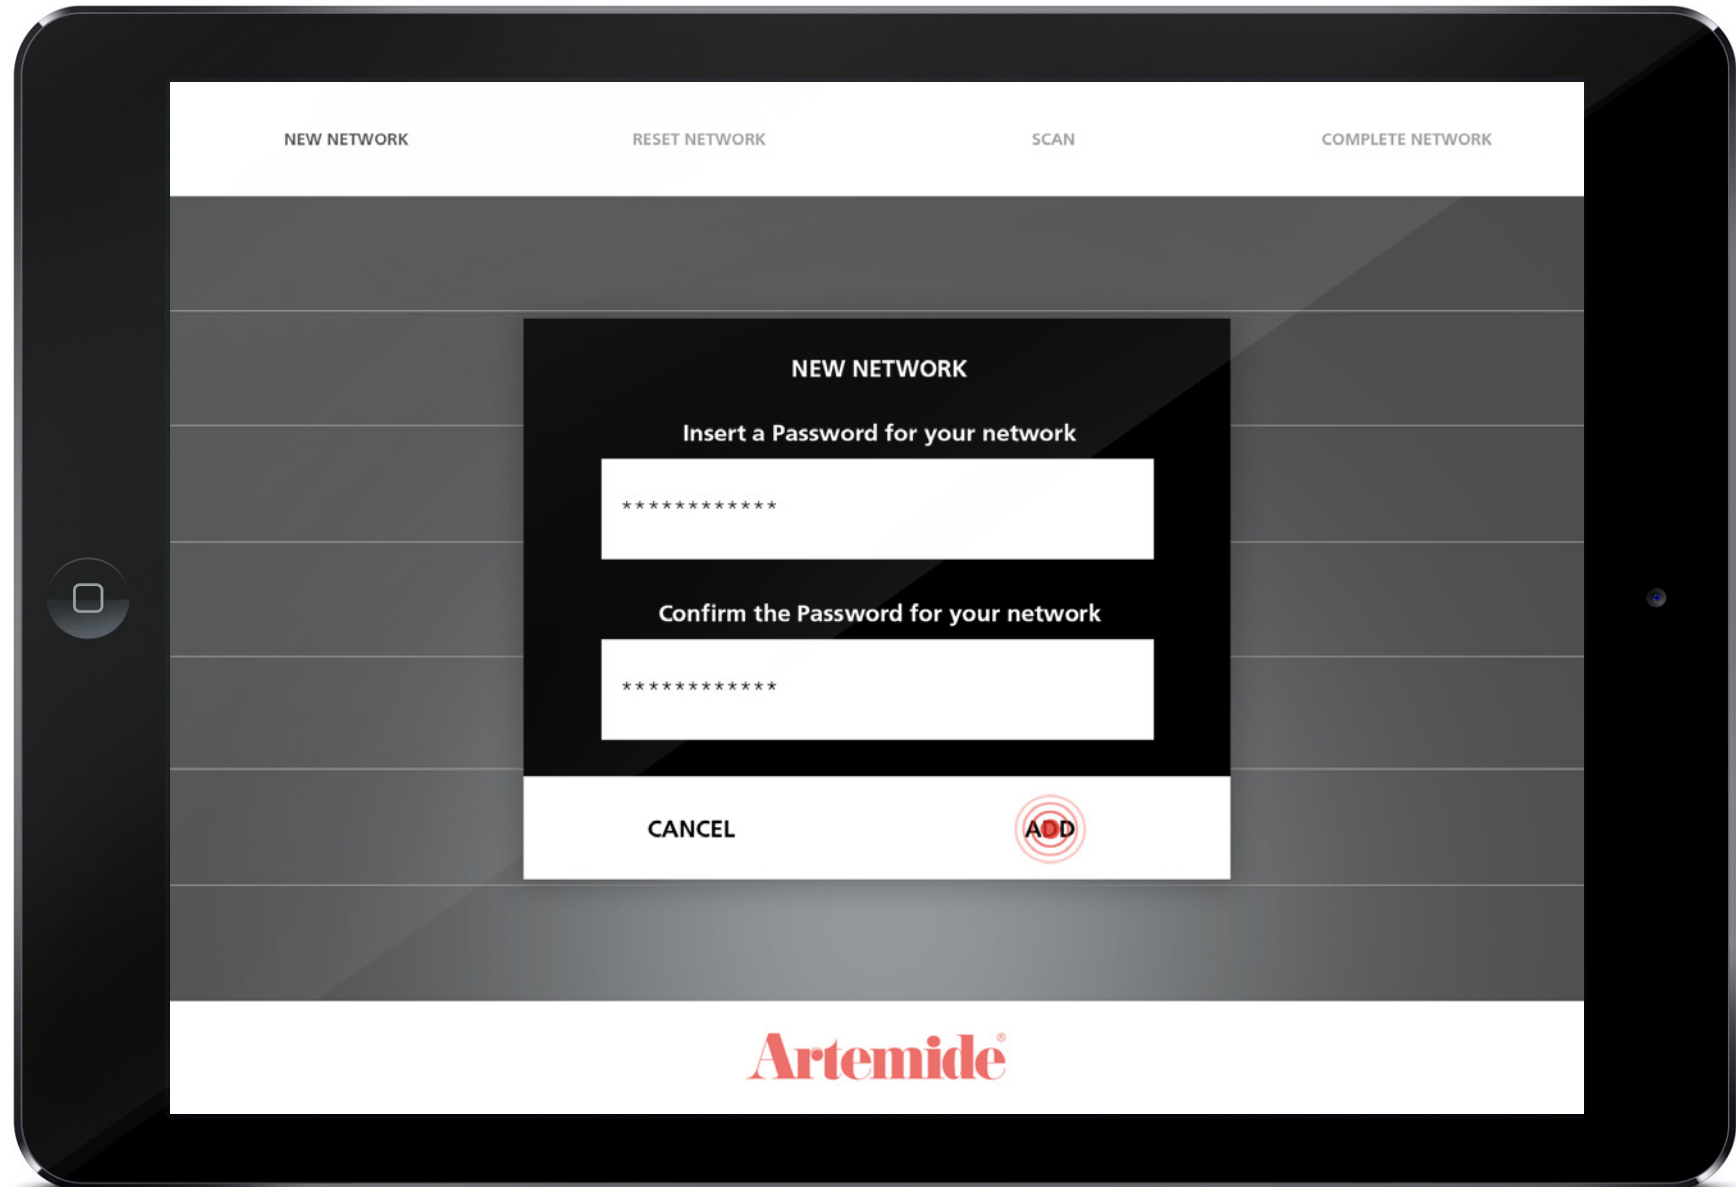

Network Creation

New network - phase 1

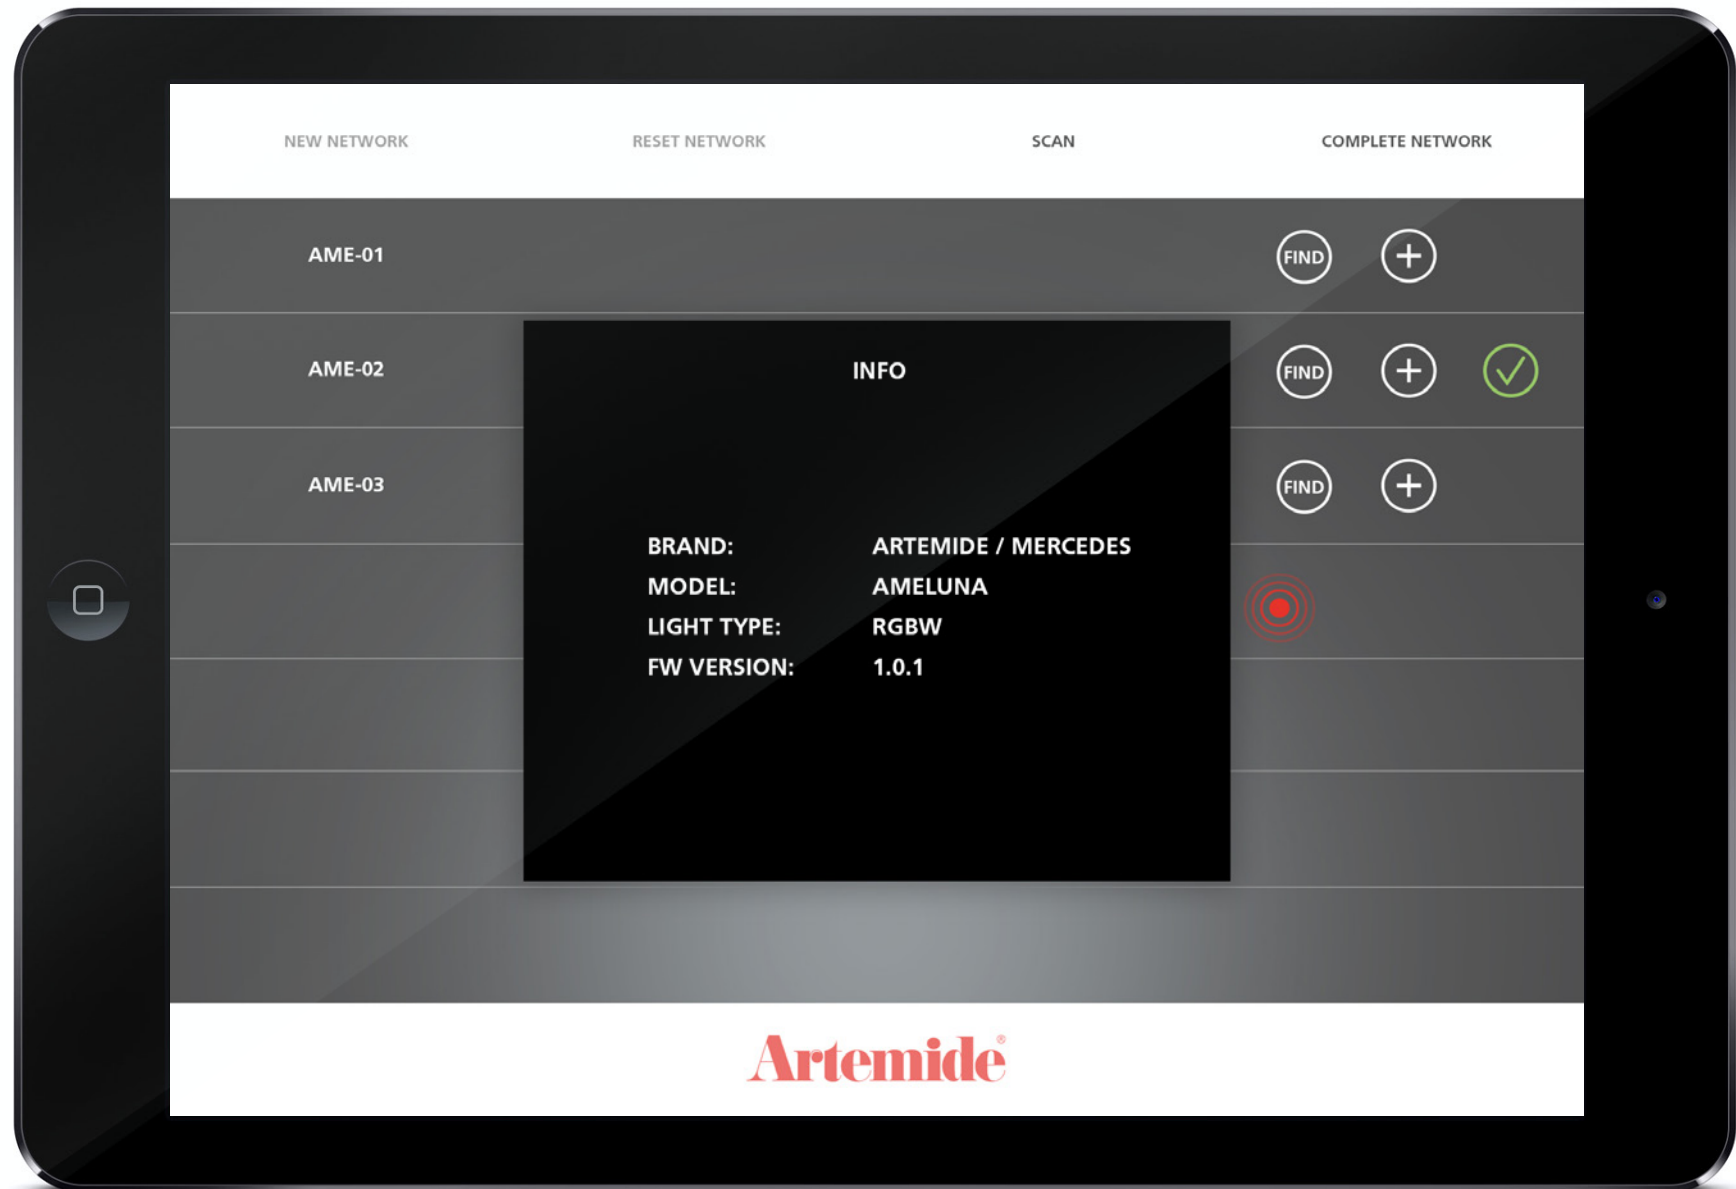

New network - phase 2 - Network naming

New network - phase 3 - Password creation

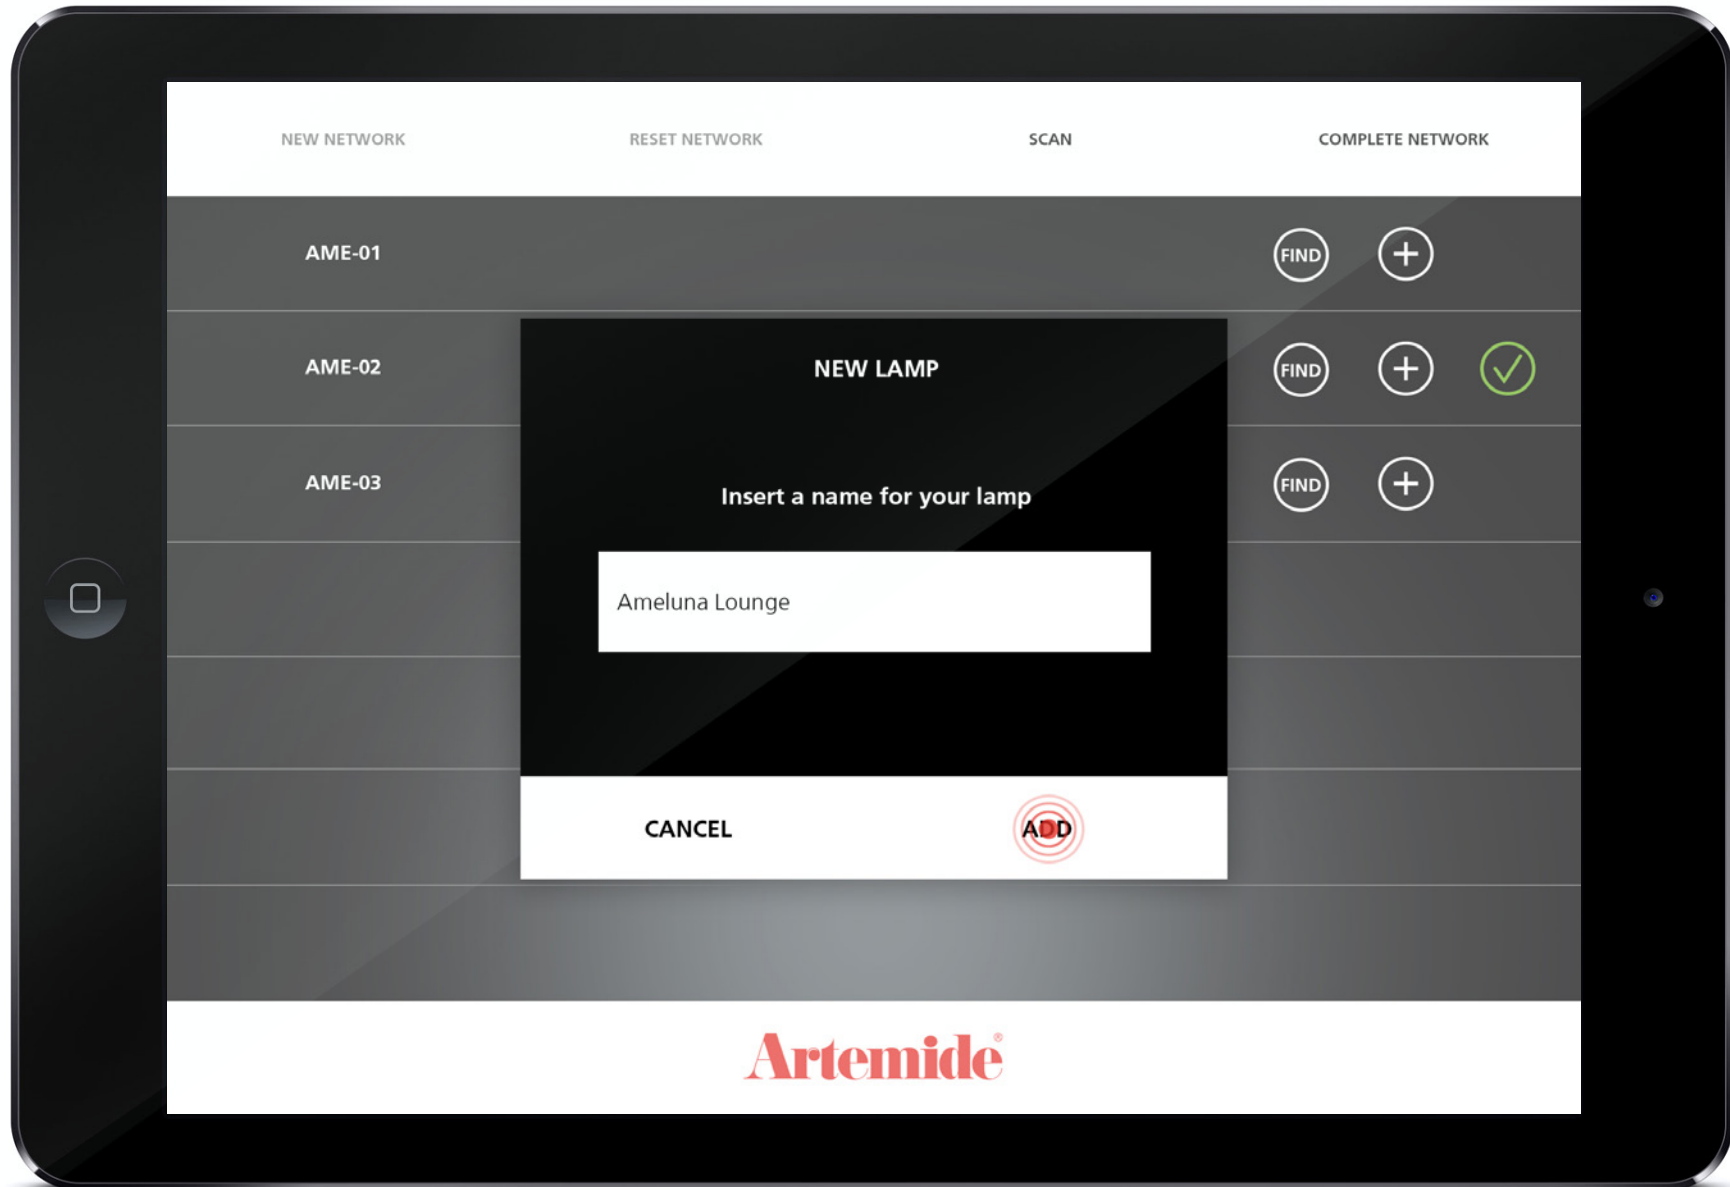

Auto Scanning phase

Find physical lamp phase - the lamp will signal itself by flickering

Assigning a lamp to the network phase

Lamp naming phase

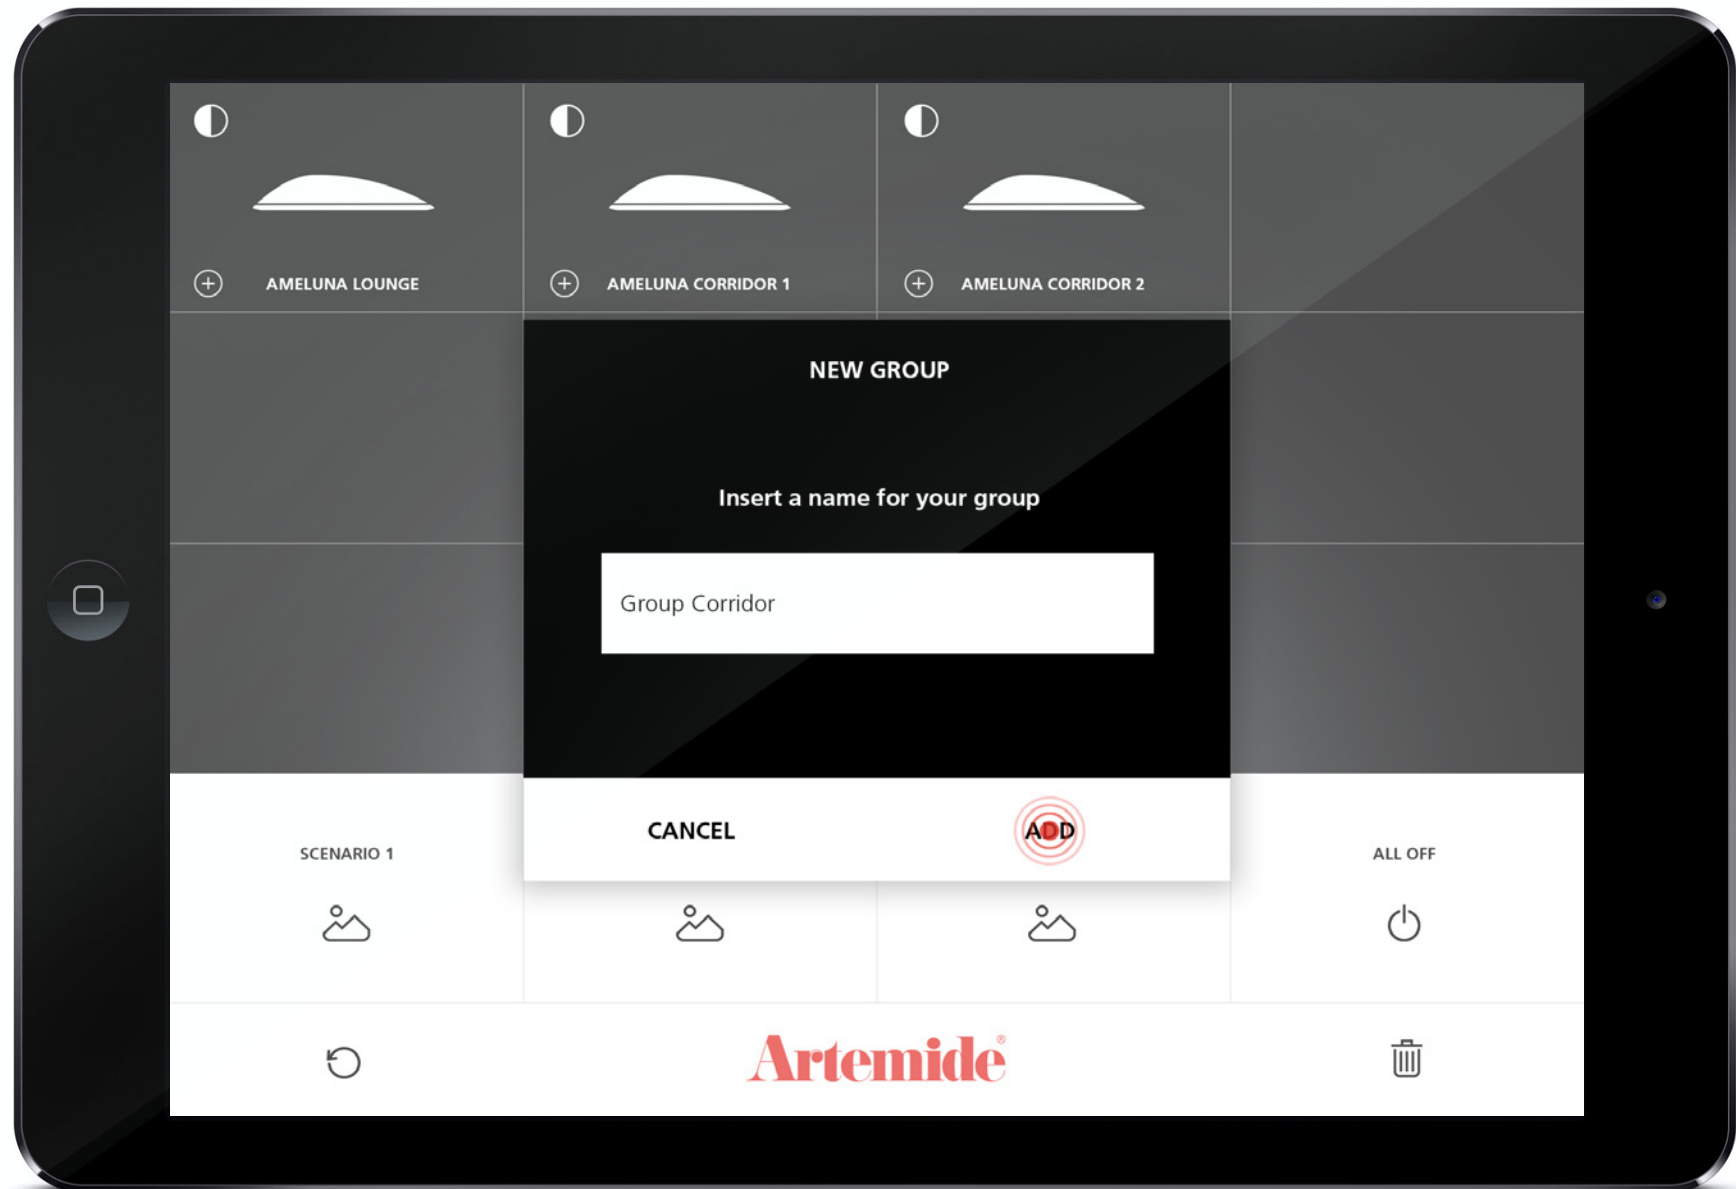

Tap on "Complete Network" to complete the phase.

2. NETWORK MANAGING

**Create
a group**

Complete network screen

Create a new group pop up (triggered by tapping on the "+" next to the Ameluna icon).

Complete network screen

3. NETWORK MANAGING

Light Control

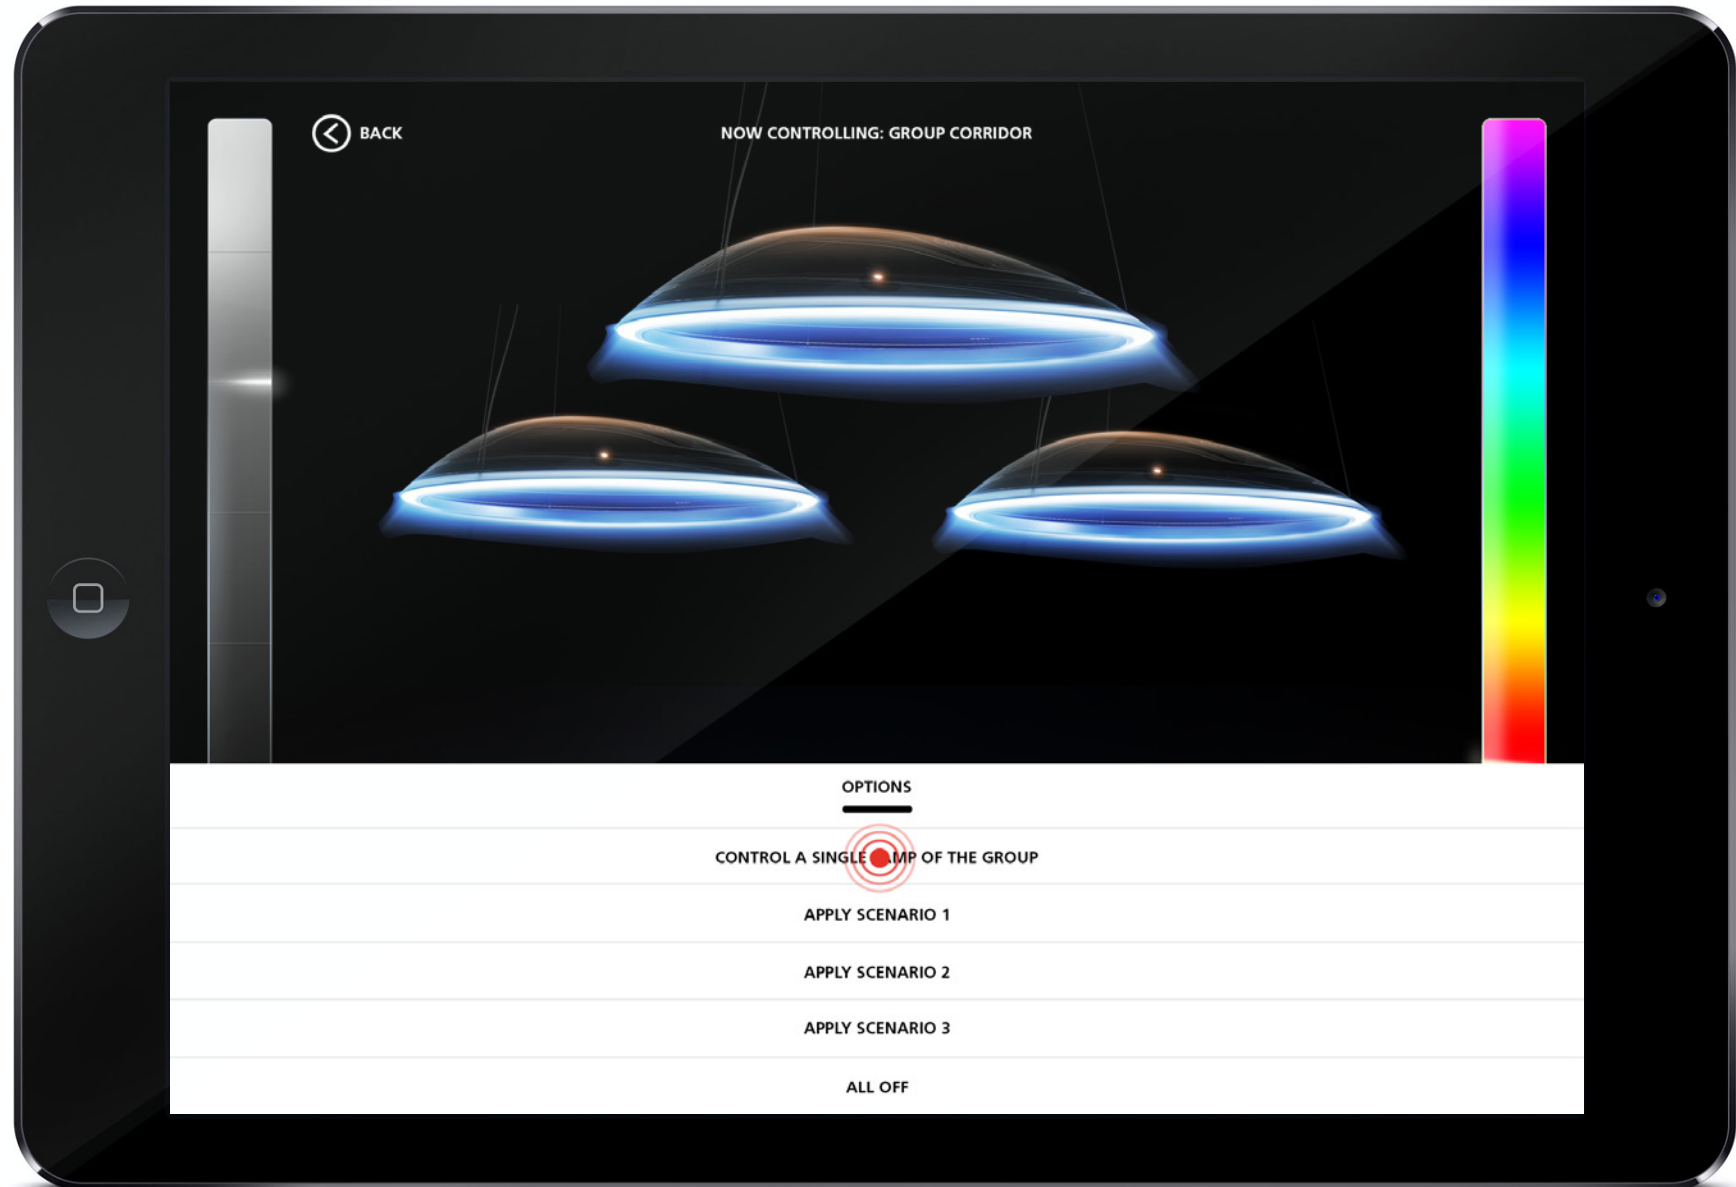

Choose the group or lamp to control

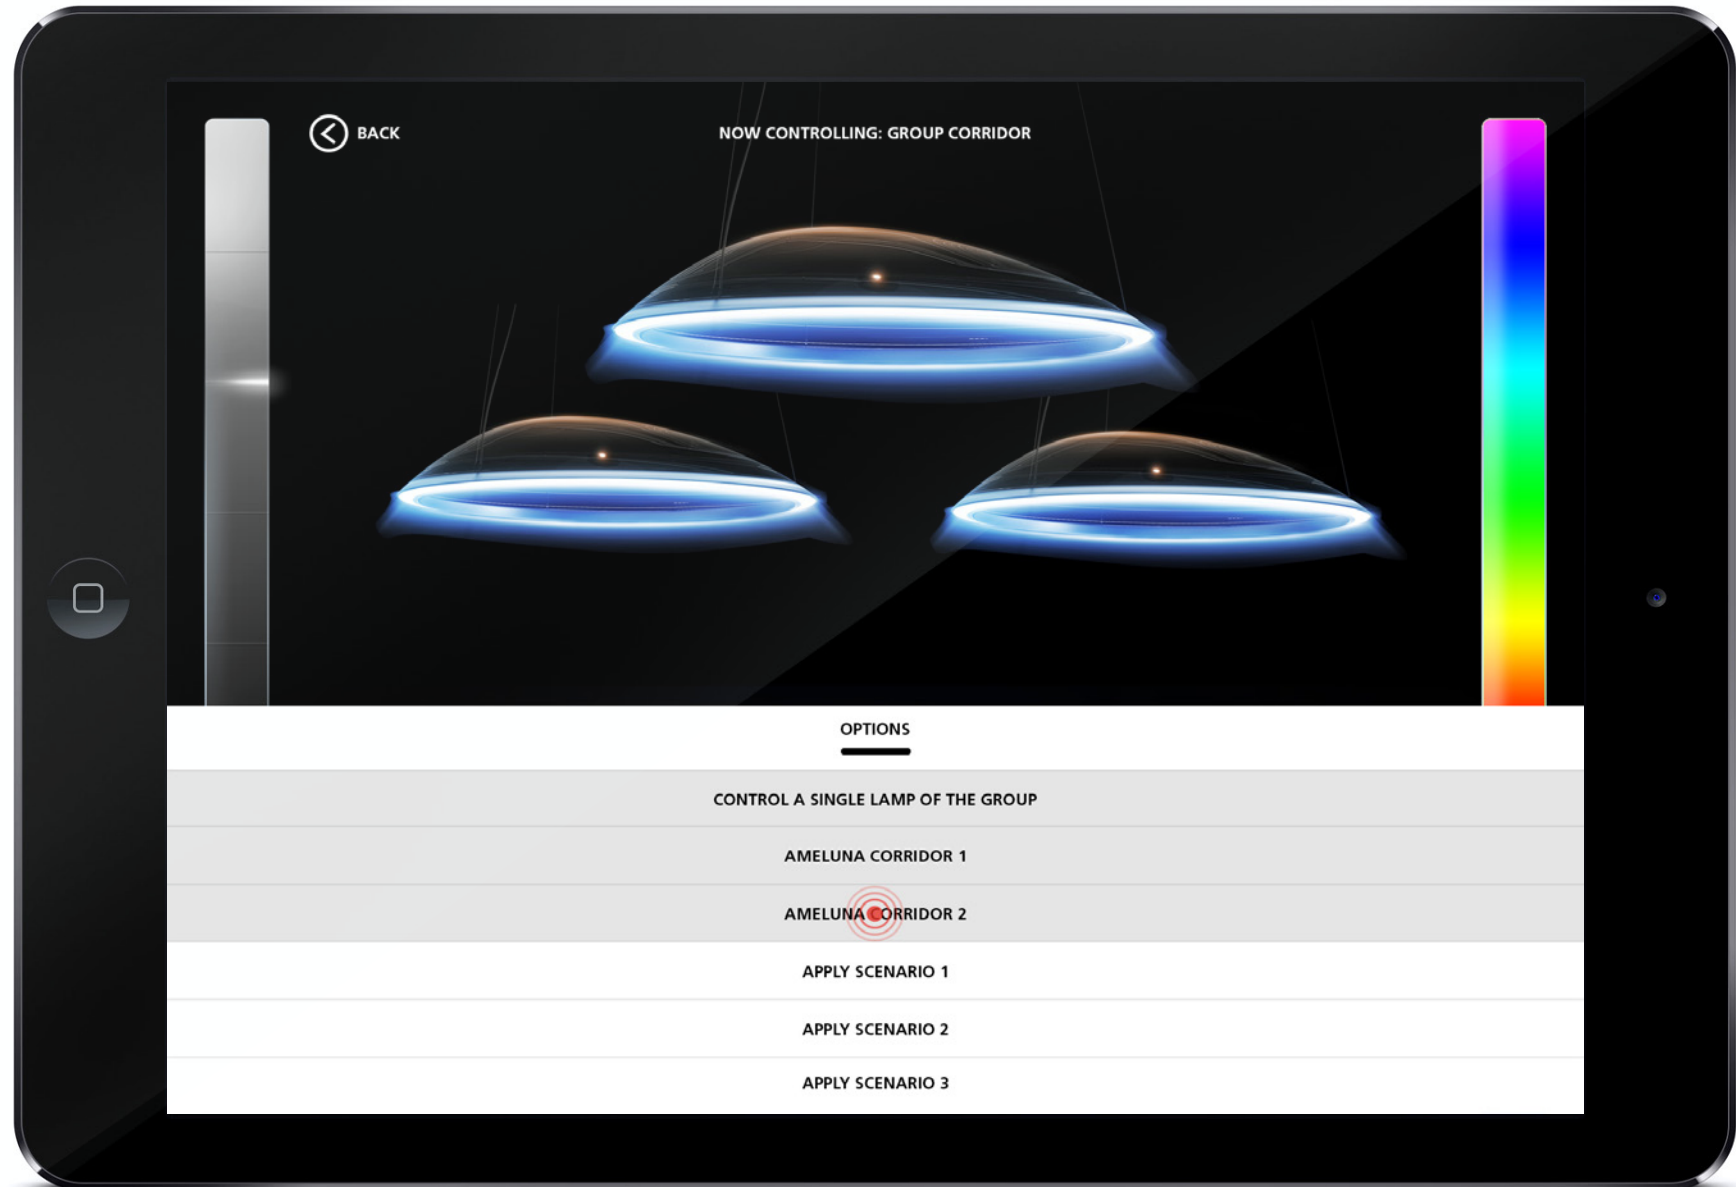

Control the white and rgbw emission by using the lateral bars on the screen

Trigger the Options Menu

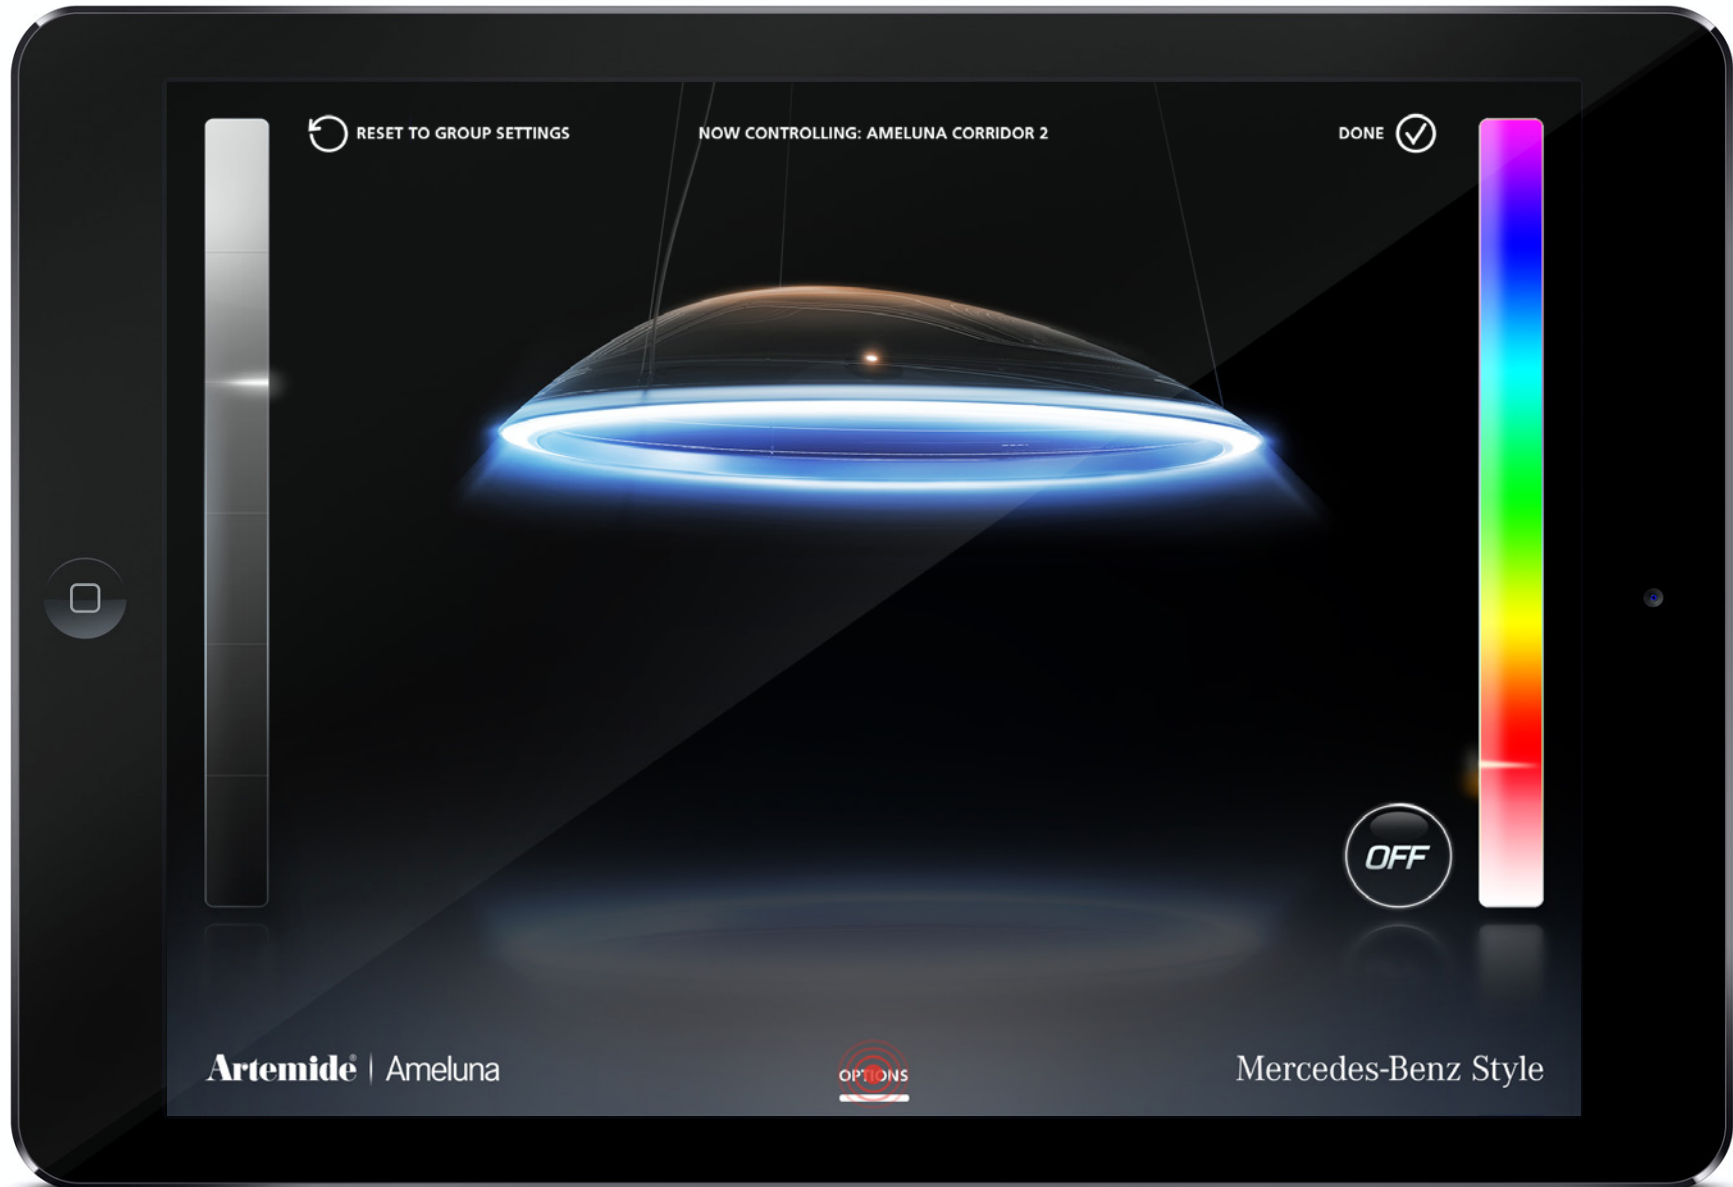

Tap the "Control a single lamp of the Group" to create a different setting on a single lamp of the group

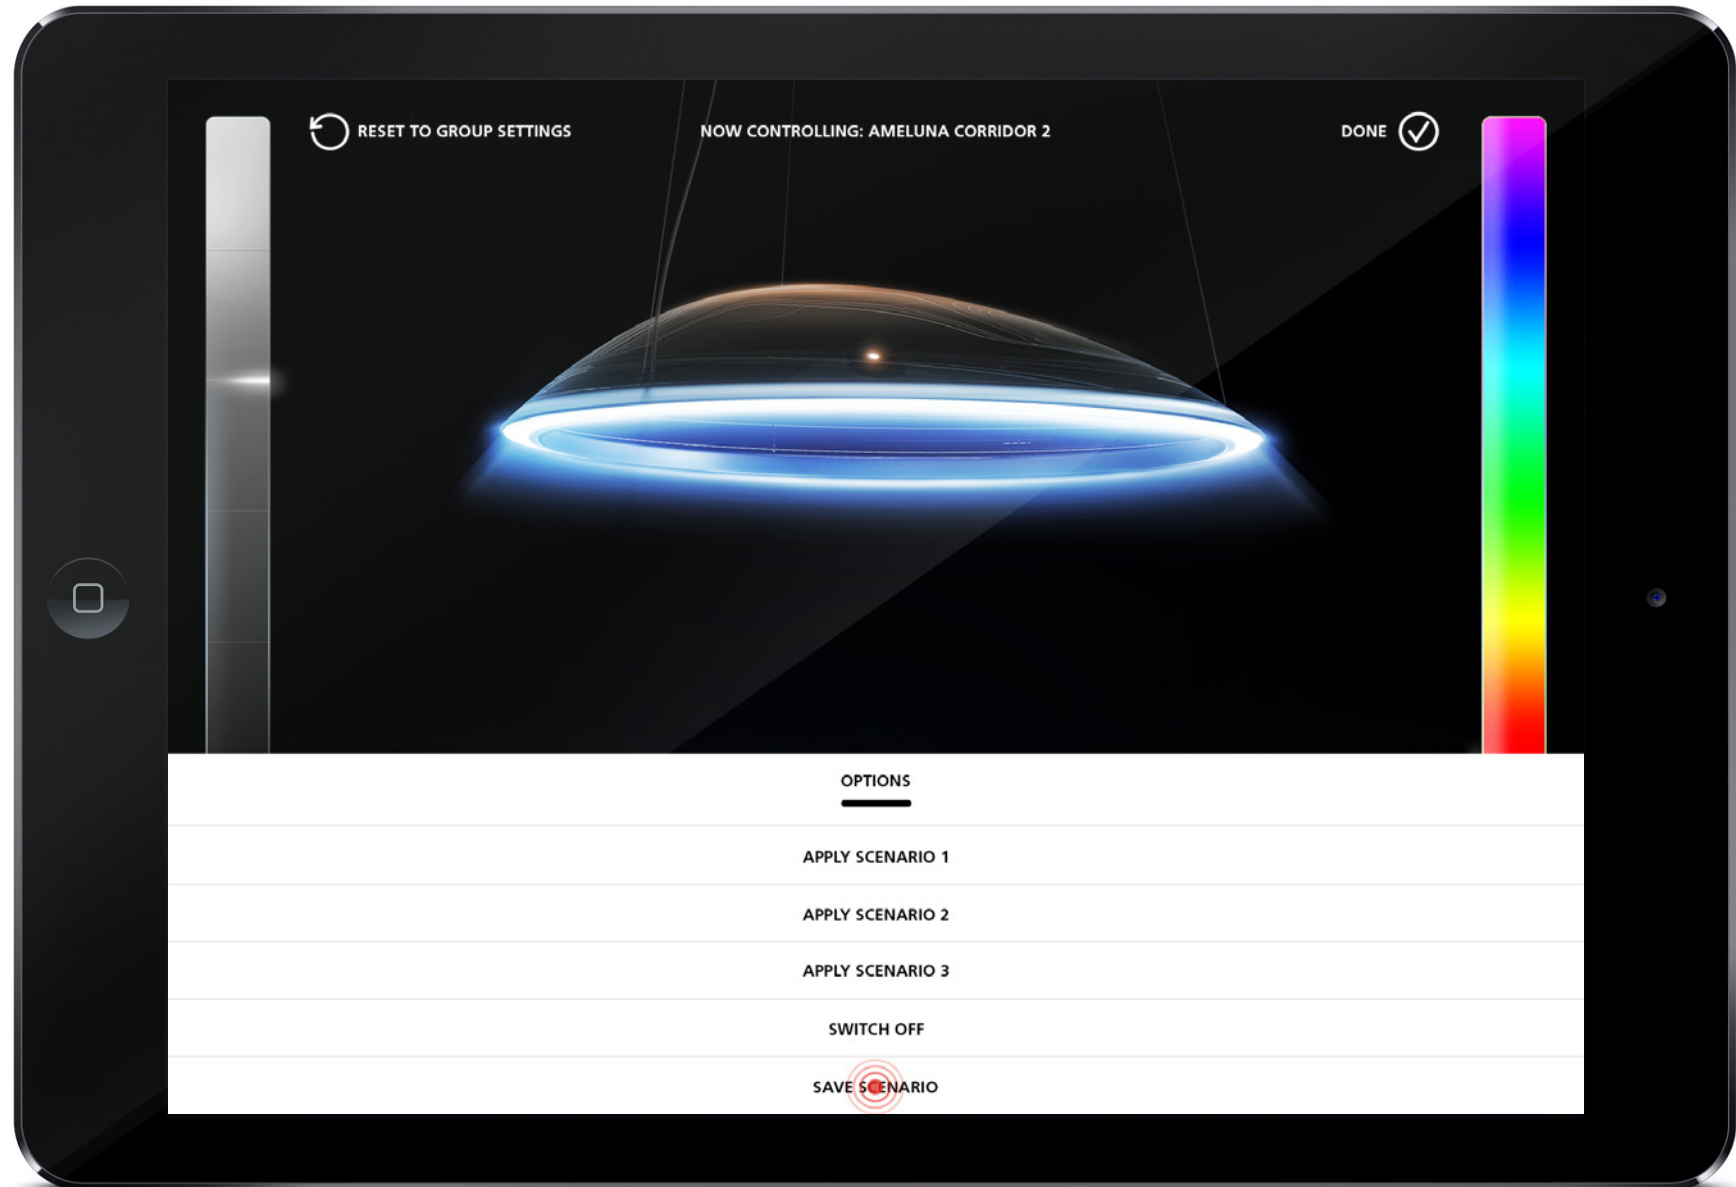

Choose the single lamp of the group to control

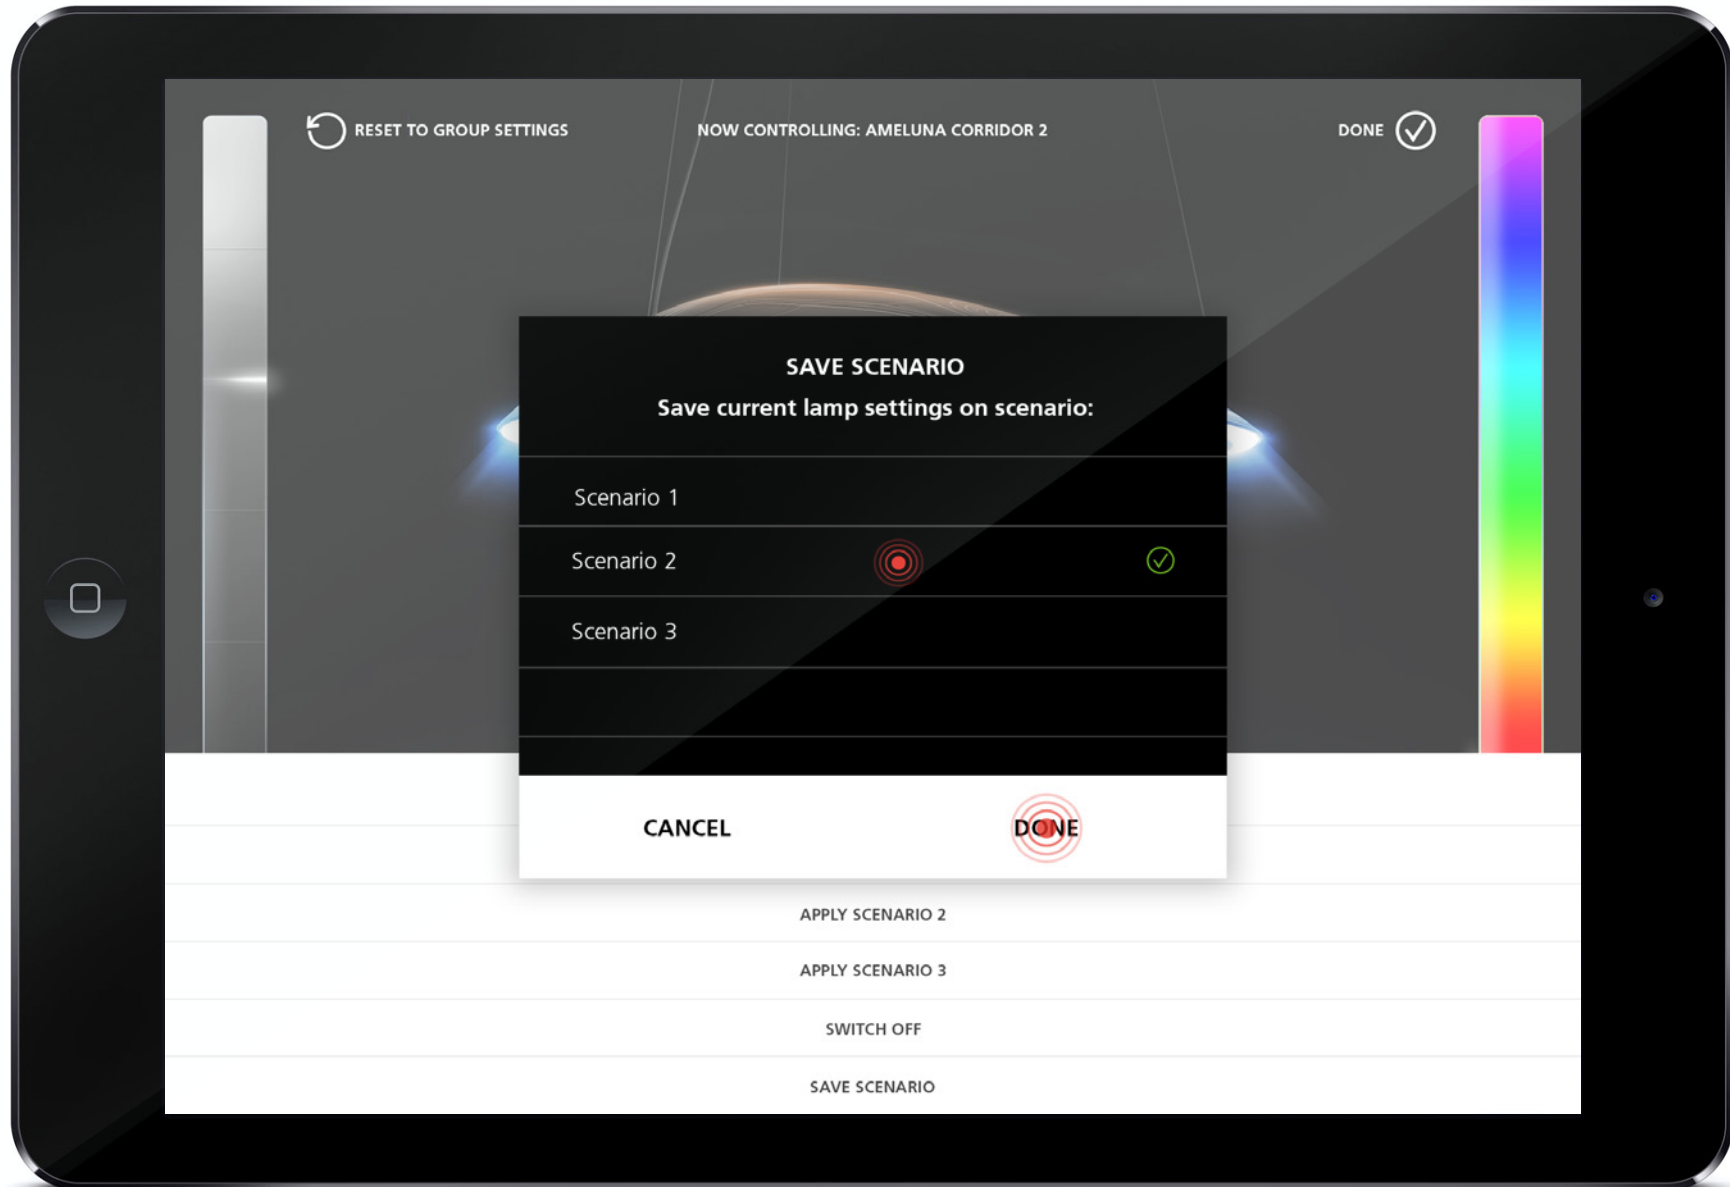

Control the white and rgbw emission by using the lateral bars on the screen, confirm settings tapping "DONE"

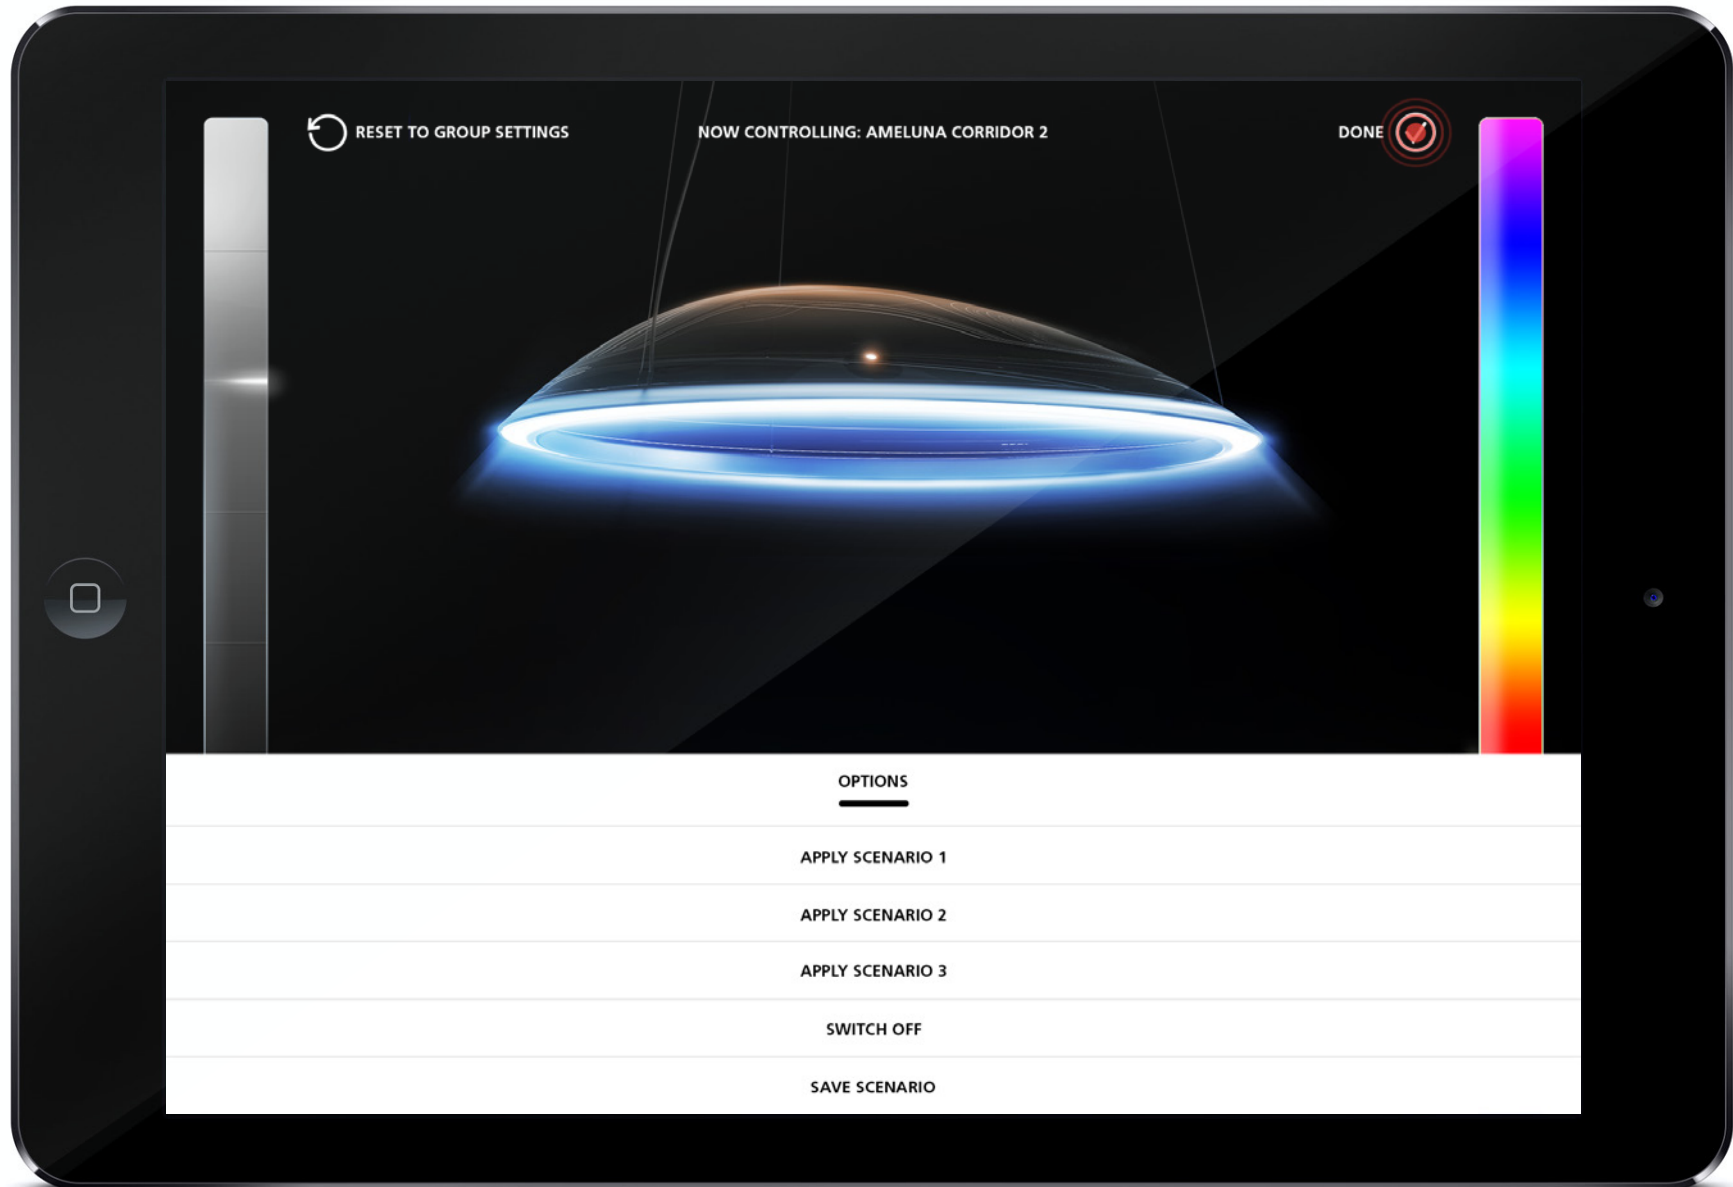

Trigger the Options Menu to apply existing scenarios or save a new one with the configurations just set

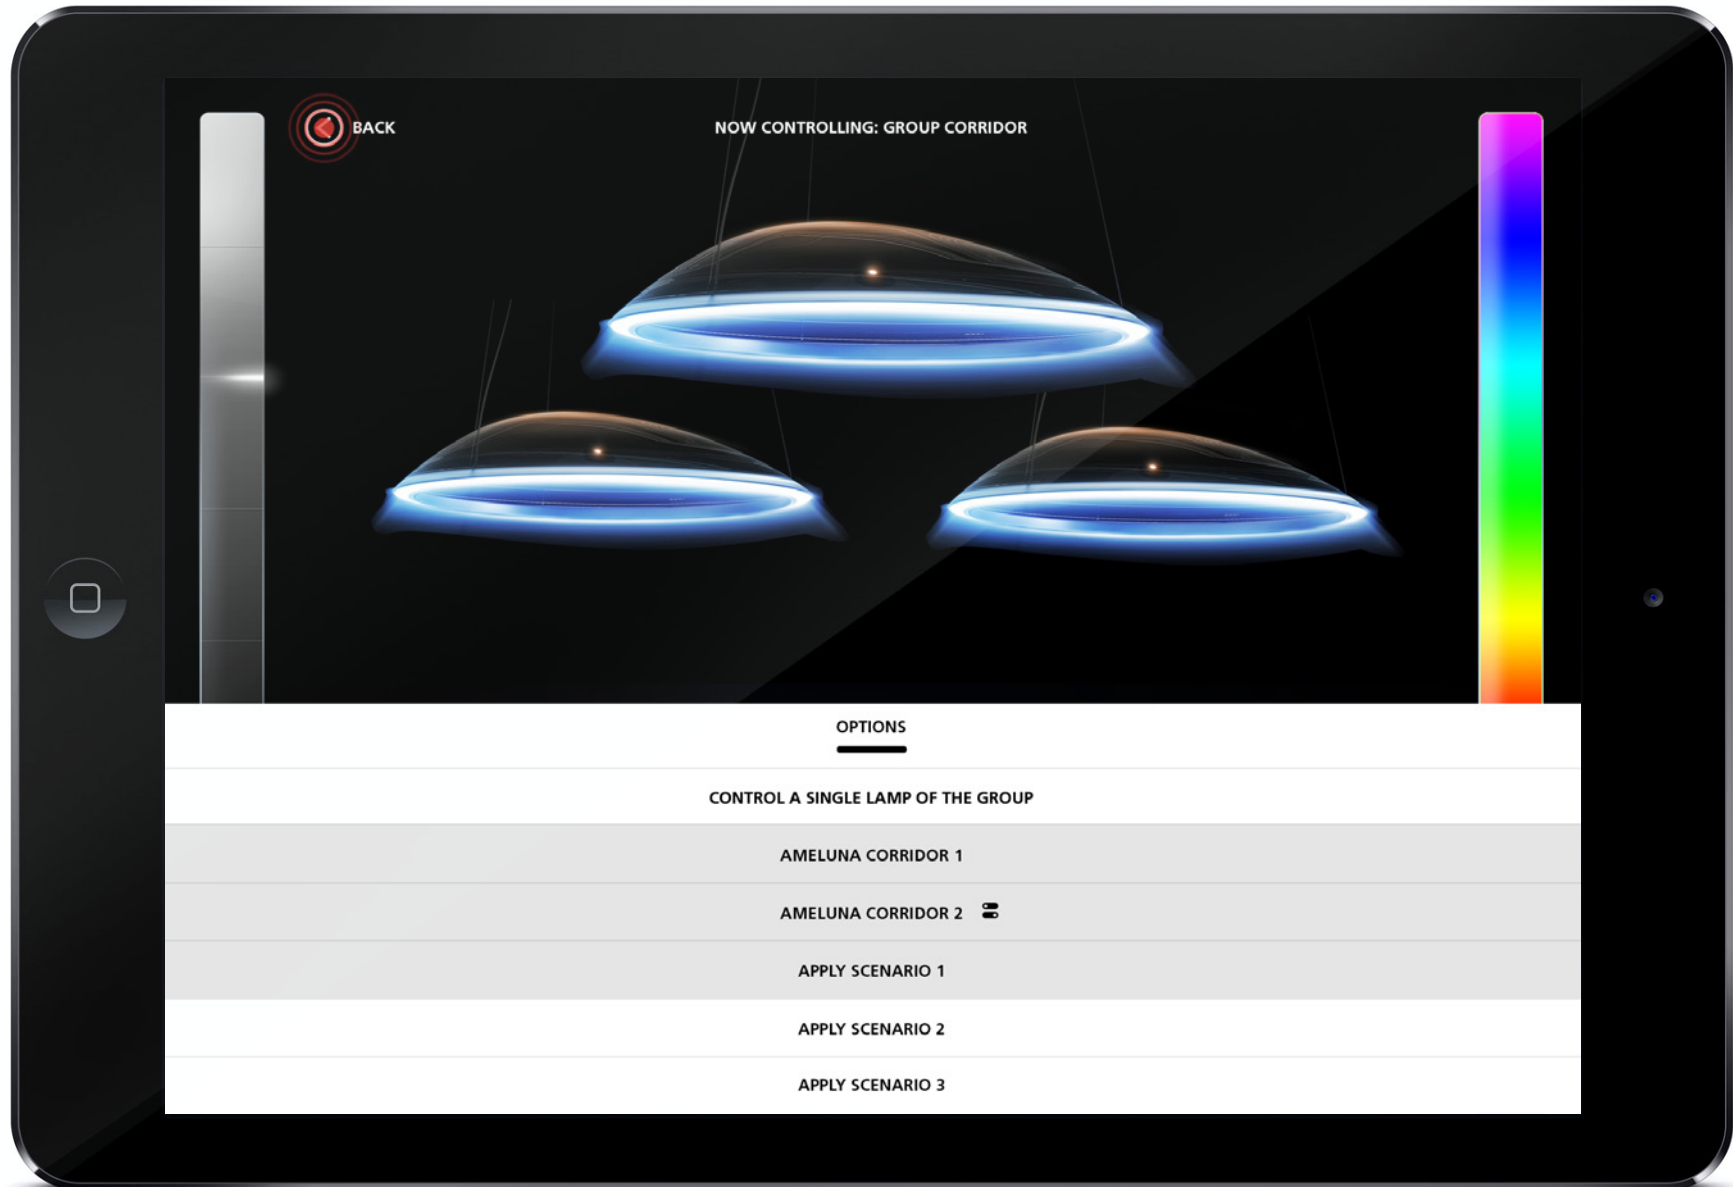

Saving a scenario with the settings applied on the single lamp

Choose the scenario to overwrite with the new settings

Exit the single lamp settings by tapping on "DONE"

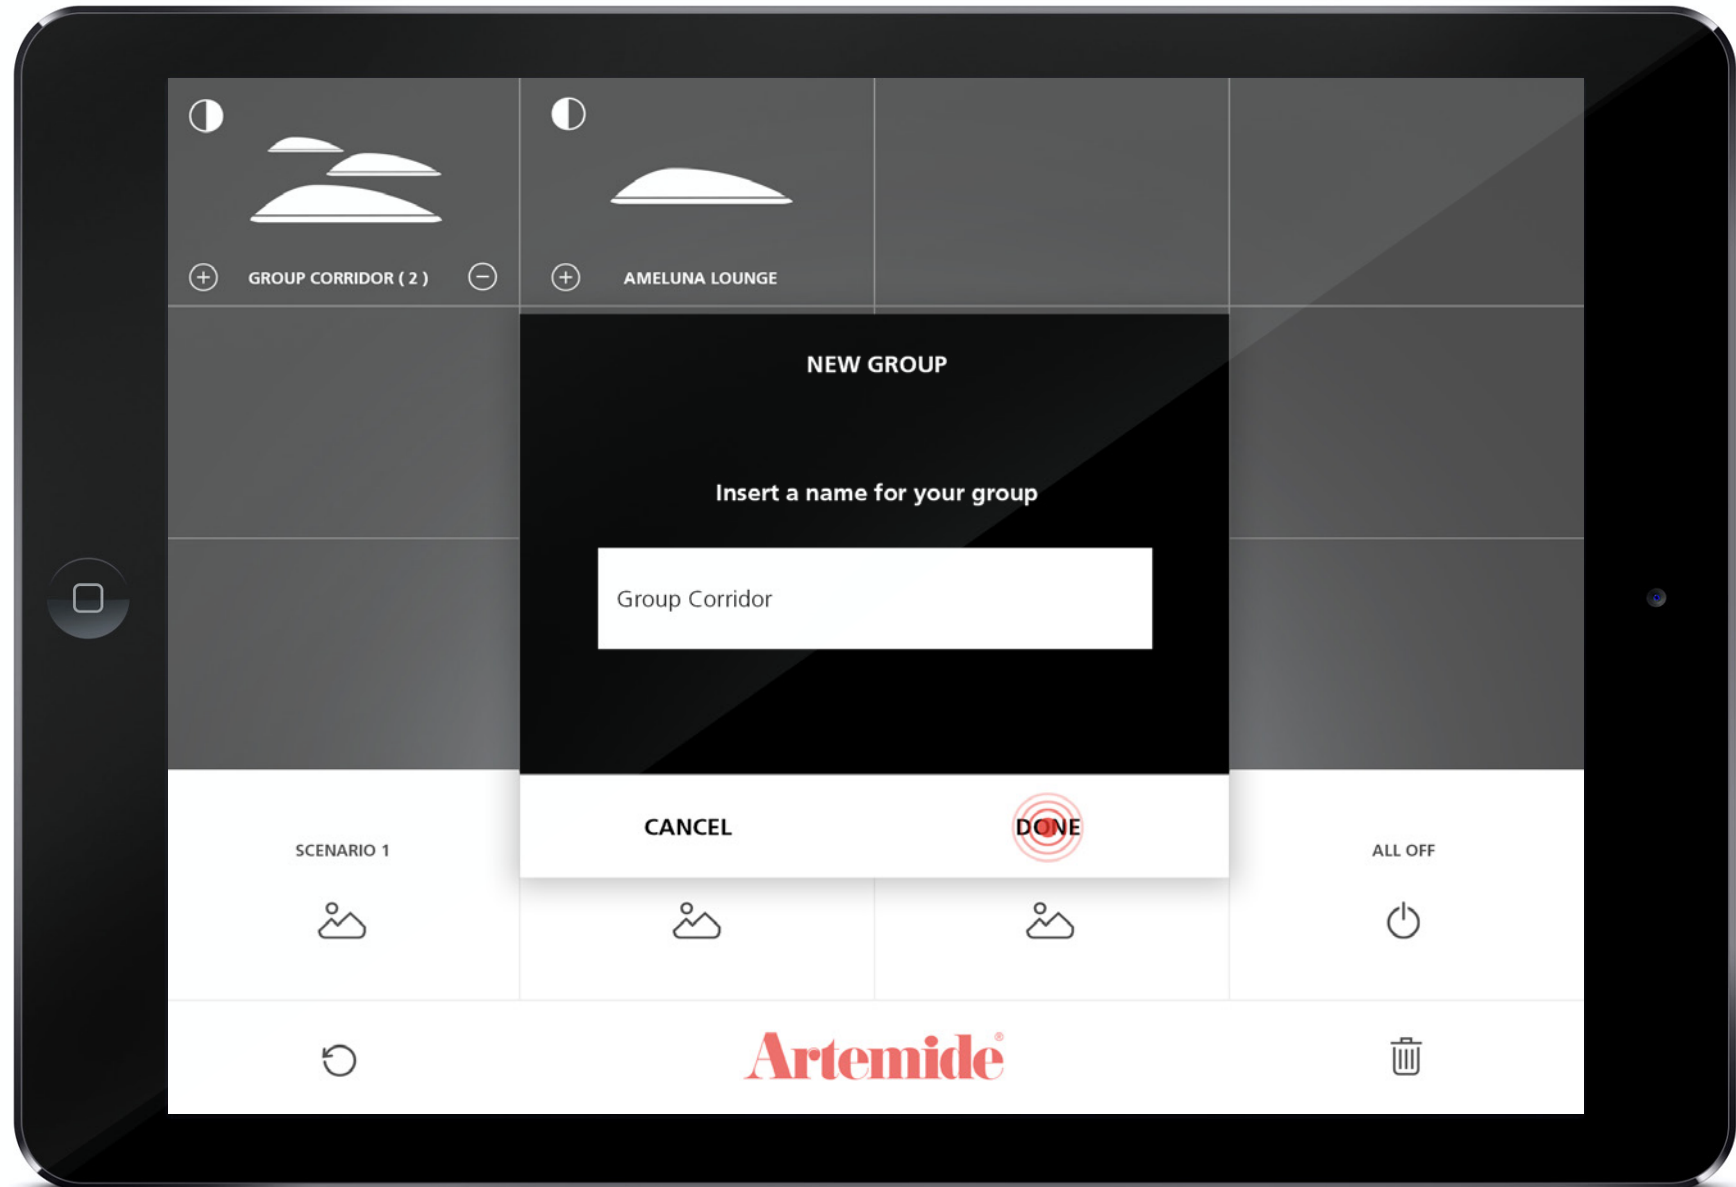

The single lamp within the group is now saved with different settings. Tap "Back" to go to the Network screen

4. NETWORK MANAGING

Renaming a lamp or a group

Tap on the name of the Group or Lamp you want to rename

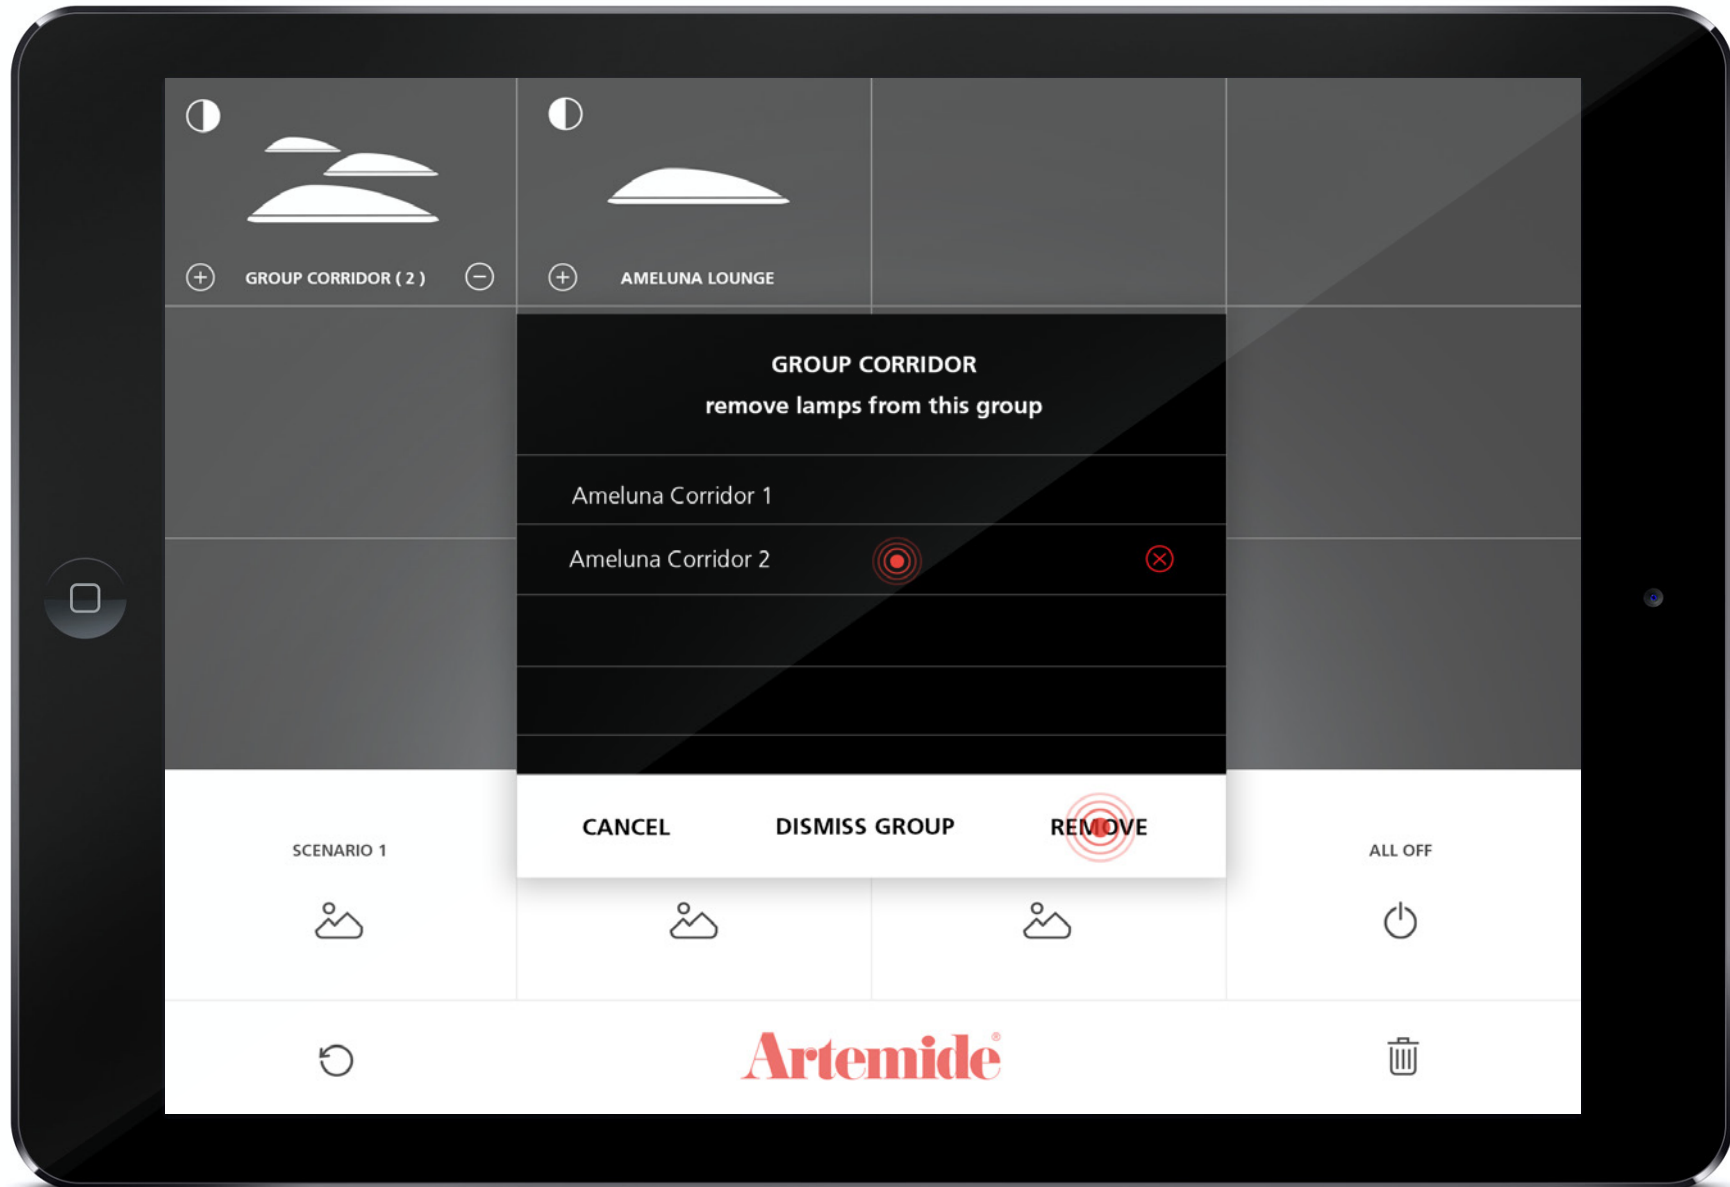

Insert the new name you choose and tap on "DONE"

4. NETWORK MANAGING

**Dismiss a group
and
Remove lamps
from the Network**

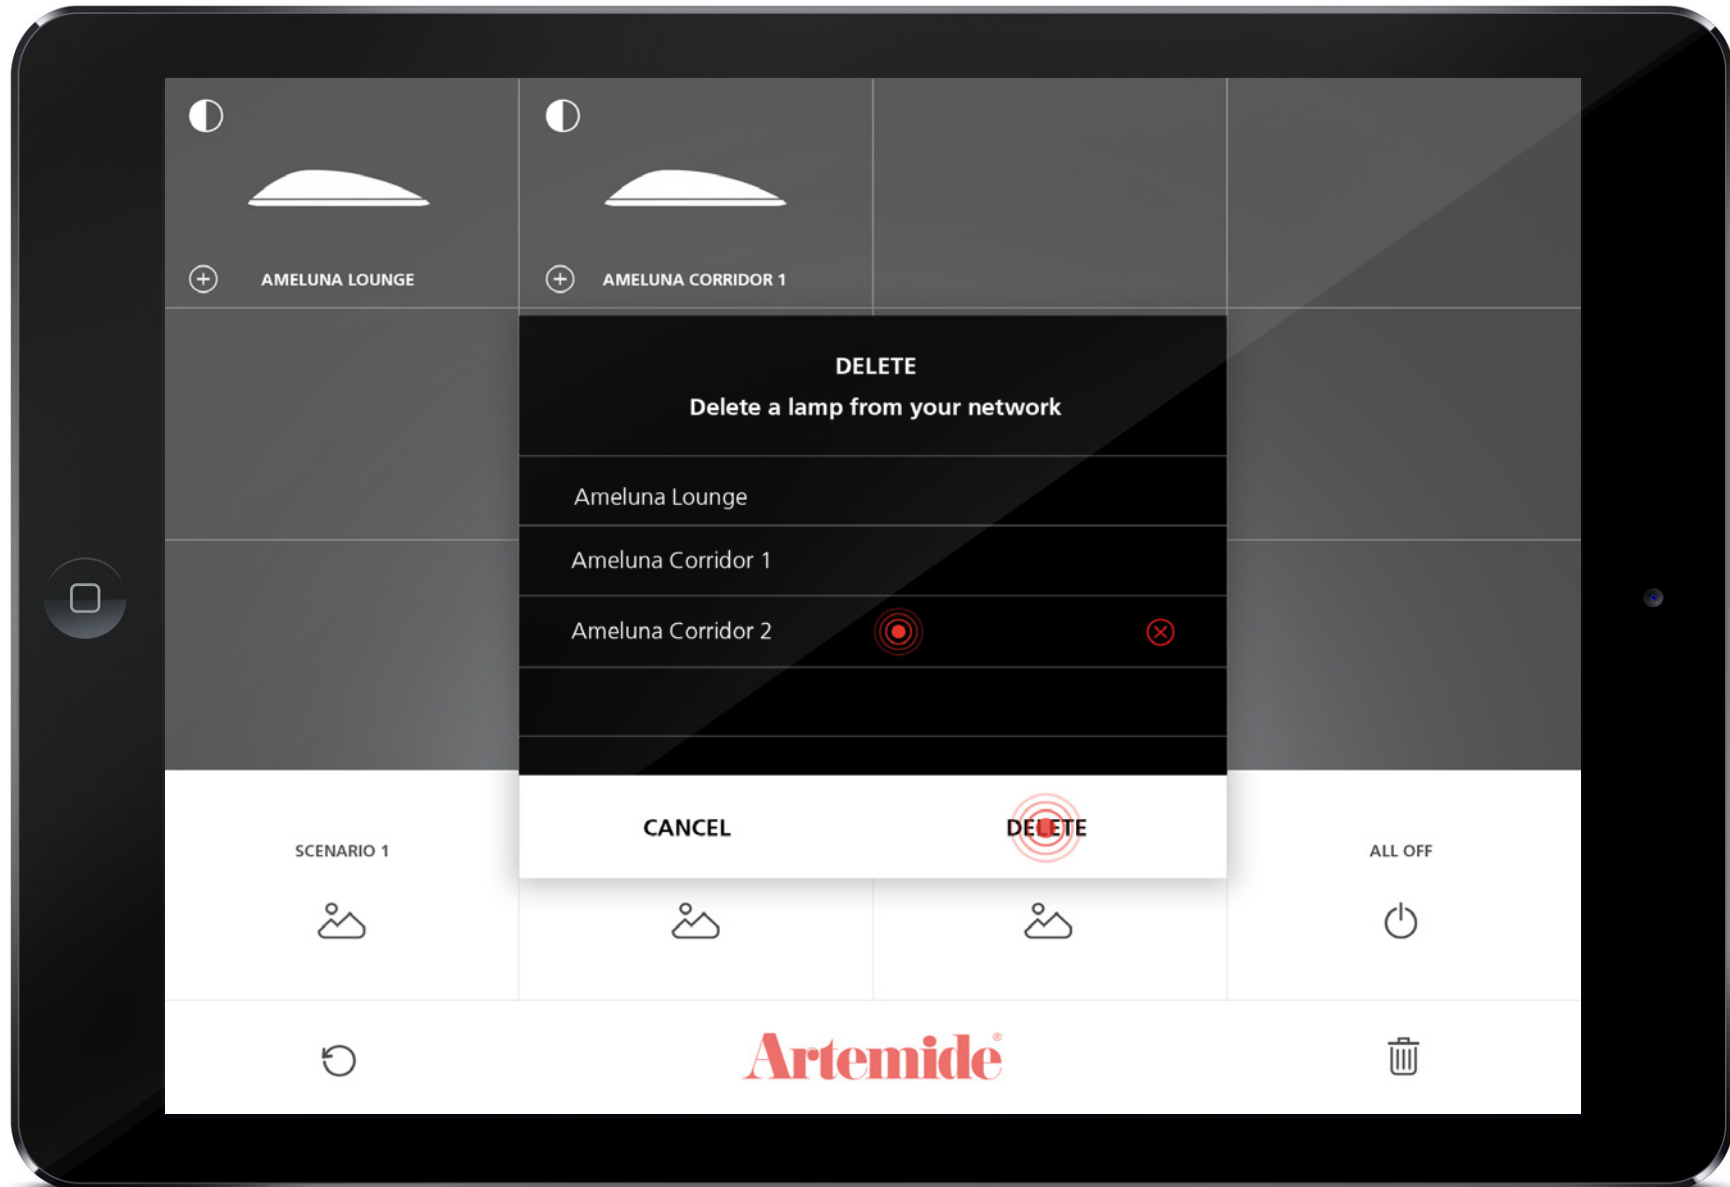

Tap the “-” button on the group area

Choose the lamp(s) to be removed from the group

Tap on the "Bin" Logo to remove a lamp(s) from the network

Choose the lamp(s) you want to remove from the network

The lamp has been removed from the Network. Tap on the circle arrow to go back to the network screen and scan the area again.

Alternatively tap the “-” button to remove a lamp(s) from the network.

The lamp has been removed from the Network.

5. NETWORK MANAGING

Reset Network

To reset your network tap on "Reset Network".

The network has been reset

THANK YOU.
