

# Milano Design Week 2022

Artemide is the protagonist of the Salone del Mobile 2022 with products and services that are the result of continuous research, experimentation and sustainable innovation. For this important occasion we are pleased to invite you to the various exhibition spaces in Milan, Pregnana Milanese and Rho, to present all the new 2022 products.

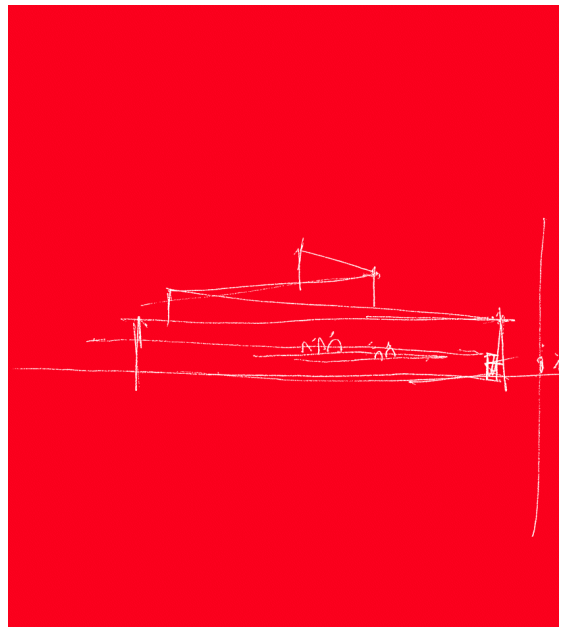

## 1. SALONE DEL MOBILE.MILANO

**Artemide**

Milan Fairground, Rho Pero  
Artemide Booth  
by Mario Cucinella Architects  
Pavillion 15, Stand C19-D22  
07\_12.06.2022 9:30 AM - 6:30 PM

Artemide presents at Salone the new products born from the continuous collaboration with the major international architects, synthesis and testimony of vision, research and know-how: an increasingly universal light that interprets the Made in Italy and the culture of the project that has made Milan the capital of design in the world.

## 2. ARTEMIDE HEADQUARTERS

Exhibition Centre  
Via Bergamo 17, Pregnana Milanese (MI)  
07\_10.06.2022 9:30 AM - 6:30 PM

The Artemide Exhibition Centre in the Pregnana Milanese Headquarters, designed by MC A - Mario Cucinella Architects, is a permanent but constantly evolving exhibition space to showcase light in all its forms.

It is a living space that unites the company's history and future with an interactive and digital experience, a tale of content and dialogue with the most innovative management and communication systems. It is a direct expression of Artemide's know-how, showing its ideas, skills and core values such as sustainability.

## 3. MONFORTE FLAGSHIP STORE

Corso Monforte 19, Milan  
06\_12.06.2022 10 AM - 8 PM

In the historical showroom of Corso Monforte are presented the new products born from the collaboration with the most important international architects with whom Artemide collaborates sharing important values such as sustainability, central to the perspective Artemide to the future.

## 4. CANOVA COMPETENCE CENTRE

Via Canova 34, Milan  
07\_12.06.2022 10 AM - 7 PM

In the Lighting Center, where Artemide's know-how in making light is translated into international lighting projects, are shown indoor and outdoor architectural collections.
